There are no sales (front-end load), transfer or surrender charges for any of the Vista 401(k) funds. If the fund normally charges such a fee to the public, they have been waived to Vista 401(k) participants.

- 1. Each mutual fund assesses a fee, which is a percentage of the total assets that they have under management. This fee, known as Annual Fund Operating Expense is comprised of Management fees, Distribution and/or Service (12b-1) fees and Other expenses. The fees shown in this column are expressed on an annual basis, i.e., .85% of 1% of assets. Please note that these are the maximum charges that are allowed, as listed in the prospectus. Some funds have reported to Vista 401(k) that their current charges are less than those listed in the prospectus.
- 2. The "Wrap Fee" is a fee expressed as a percentage of assets in the same manner as the "Annual Fund Operating Expense". This fee is used to pay
- a. Vista 401(k) for administration, customer service, education and enrollment.
- b. Accurecord for record keeping which includes daily valuation of funds and maintaining participant accounts.
- c. Matrix Trust Company for acting as Trustee; holding and disbursing funds to purchase Mutual funds as well as making distributions to participants.

There is an administrative charge of \$12.00 per participant per year for generating quarterly participant statements. This fee is not applied to participants who are actively contributing to the plan.

Carefully consider the investment objectives, risks, charges and expenses of the underlying fund before you invest. This and other important information is contained in the prospectus, which should be read carefully before investing. You can request underlying fund prospectuses from the Vista 401(k) website at vista401k.com or call us at 866.325.1278.

Please note that investing generally involves various kinds of risk – market, inflation, interest rate, volatility etc. Your principal is not guaranteed, and there is

no guarantee that investment objectives will be achieved.

Investment Options

3 INVESTMENT ELECTION (Please initial any corrections.)

There are three different ways to enroll in your 401(k) Plan.

PLEASE CHOOSE ONE:

- 1. Select funds based on your projected retirement date. These are packages of funds that are actively managed and automatically adjusted during your employment years as your projected retirement date approaches. Your investment is on autopilot.
- 2. Determielect funds based on your Risk Category. These are model packages of funds suitable for how you rate your personal tolerance for taking risks in order to have a potential for greater returns.
- 3. Select Your Own Funds. Choose any fund or funds in the plan you wish to include in your portfolio. The Investment Risk Profile will help guide you in your selection. To become a participant in your employer's retirement plan, you must complete this enrollment form; choose ONE of the following options:

1) Target Date Retirement Funds

American Funds Target Date Retirement Series are designed to help investors reach goals associated with a target date, such as retirement.

These are mutual funds, each of which offers asset allocation across funds based on the target fund selected. The asset allocations are never static, but are gradually adjusted, according to a targeted timeline, by money managers who specialize in the science of asset allocation.

Continual portfolio monitoring and adjustment – called dynamic allocation – allows each Target Date Fund to become appropriately more conservative as it reaches it's target date.

3) Select your own fund(s)

This option is used to determine how your future contributions will be allocated in your plan. To establish the investment elections for your future contributions, please follow these instructions:

- Determine the percentage on the line next to the investment options of your choice which represents the percentage of your contributions you would like in this investment option.
- 2. Review your percentages to ensure they total 100%. If the percentages do not total 100%, your request will not be accepted.

4 EMPLOYEE AUTHORIZATION

This agreement shall be legally binding and irrevocable as to both of the parties hereto while employment continues; provided, however that either party may change or terminate this agreement by giving notice in writing and in accordance with Board procedures, rules and prescribed methods concerning said changes or terminations.

That except as herein set forth, the contract of employment of the Employee is not otherwise amended and shall remain in full force and effect. It is agreed and understood that the School Board and Vista 401(k) undertake no obligation by making available a salary reduction agreement through payroll deduction to make contributions to any Section 401(k) Tax Sheltered Investment Plan. You have selected your own investments from the Target Date Retirement Funds (Section 3.1), Risk Category (Section 3.2), or from the Select your own fund(s) (Section 3.3) and the School Board or Vista 401(k) has no responsibility for investment results.

I understand and agree that my employer, union and Vista 401(k) will be held harmless from any liability resulting from either my participation in the Vista 401(k) Plan or my failure to accurately complete this enrollment form. I understand that my contributions are not subject to federal income tax until distribution from the Vista 401(k) Plan but the contributions are subject to Social Security taxes.
